

EMERALD SQUARE

ABOUT SVAMITVA

For over 30 years Svamitva has been a name that has been synonymous with passion, trust, reliability and quality. With a primary interest in real estate, Svamitva has over the decades has spread its wings into various other sectors like Contracting, Architecture, Trading, Hospitality, Solar Power, Warehousing IT & Sports, Metals industry. Having developed over 1000 + acres of land and 2 Million sq. ft. of construction. Svamitva prides itself on its attention to process each of our projects being a 100% compliant with all applicable statutory norms and regulations.

Driven by its team of dedicated professionals, Svamitva currently enjoys a strong presence in Bengaluru, Bijapur, Gulbarga, Solapur & across South India. Along with the goal of becoming a household name pan India, Svamitva global aspirations are being realized as well with operations having begun in Melbourne, Australia in association with Astra Corp and forming a company called Astra Corp Svamitva.

Svamitva – Green features

1. Connectivity to all basic amenities within 1km walking distance – Reduces negative impacts caused to the environment from automobile use.
2. Extensive Natural ventilation – Improves indoor air quality.
3. Natural light to every residence in the building and common areas - Ensures visual connectivity between the interior and the exterior environment.
4. Sustainable landscape design using native species and high efficient irrigation system which reduces the water consumption.
5. Roof Gardening/SRI to reduce heat ingress into the building, which in turn increases the occupant's comfort.
6. Design for differently abled people - Toilets designed for differently abled, Easy access to the entrance, Ramp and audio assistance in the lift for visually impaired people, Visual warning signage in common areas & exterior areas.
7. Rainwater Harvesting to increase the ground water table.
8. Waste water treatment through STP and reuse of treated waste water to reduce the potable water consumption.
9. Procurement of materials available locally – Minimizes the environmental impacts resulting from transportation.
10. Procurement of materials with high recycled content. Minimizes the environmental impacts associated with the use of virgin materials.

About Location

Peripheral Ring Road:

The Bangalore Development Authority (BDA) has decided to implement the long-delayed peripheral ring road (PRR) project by turning it into an elevated corridor to save on land acquisition costs. The 65-km road project has been in cold storage for the past two decades.

The Peripheral Ring Road will connect Tumakuru Road with Hosur Road through Ballari Road and Old Madras Road. It will also be linked to the NICE expressway
